

Liberty Mutual Wins 2010 Greenwich Excellence Awards

THE INDUSTRY AGREES WITH GREENWICH

Liberty Mutual has also won the 2010 Readers Choice Award from *Business Insurance* as the best workers compensation carrier. Readers of the magazine and website voted for the companies that offer the best combination of service, value, quality, and innovation.

For the second year in a row, Liberty Mutual earned awards for outstanding national and regional service to middle market companies. This was based on findings from Greenwich Associates' latest survey of more than 9,000 mid-sized companies.

Outstanding National and Regional Service

Each year, Greenwich Associates, a leading international research-based consulting firm, analyzes the commercial insurance market, asking mid-sized companies to rate their insurance carriers.

Liberty Mutual earned a national Excellence Award as well as Excellence Awards in all four regions of the United States for delivering superior service quality across claims, underwriting, coverage and day-to-day service.

These awards confirm the value of our responsive service, tailored products, and strong partnership with agents and brokers. From claims and underwriting to loss control and account management, it's no wonder we're consistently ranked one of the best middle market insurance carriers.

Did you know?

- Liberty Mutual is the 3rd largest commercial lines writer in the nation
- Two-thirds of Fortune 100 companies place their insurance with Liberty Mutual
- Over the past five years, Liberty Mutual has grown faster than any of our competitors
